ubject: INTERNET E-MAIL

Hi Chris,

In reference to FSC-99-B (6/11/97), sending RJR customers E-Mail via Internet:

1. Is Windows 95 necessary to establish communication with RJR customers via
   Internet E-Mail? (We are not scheduled to be upgraded until July 23rd)

2. Can Templates (BPE functions) be transmitted to RJR customers via Internet
   E-Mail?

If Templates can be sent Internet E-Mail, we would be able to communicate promotional information directly to McLane NE (as well as all McLane branches) via E-Mail, and would eliminate data entry currently necessary by McLane NE employees in regard to our promotions.

Obviously, a drawback would be the security aspect, and this would have to be addressed and decided between RJR and McLane NE prior to approval.

Please let me know.
